Cocaethylene - Positive	242 pg/mg
Cocaine - Positive	564 pg/mg
Cocaine/Metabolite - Positive	
m-Hydroxycocaine - Positive	15.0 pg/mg
p-Hydroxycocaine - Positive	12.5 pg/mg

REPORT NOTATIONS

HairConfirm test results are anonymous and for personal use only. HairConfirm test results cannot be used in court or legal proceedings.

**In some cases, HairConfirm may be unable to detect THC despite the donor's known marijuana use. A number of factors will determine whether or not THC will bind with the hair shaft (i.e. type/purity of marijuana used/person's metabolism). If THC does not bind, and therefore does not appear in a hair follicle exam, a negative result for marijuana will be indicated.
